Public Forum: Education Funding

Michele Huntoon
Associate Vice President with
School Services of California

Michele Huntoon, CPA, has more than 18 years experience in public business and finance. She has a broad knowledge base as an external auditor, administrator, consultant, search advisor, and fiscal advisor. She is a frequent presenter for California Association of School Board Officials, Fiscal Crisis and Management Assistance Team, and the Association of California School Administrators Academy.

Funding for education is a major issue in California. Join us to learn how school financing works today as well as a historical perspective, where the funding for our schools come from; particularly what portion is funded by federal versus state resources and where California stands nationally in terms of funding.
